Minimum Price Statement

This Minimum Price Statement ("Statement") is provided pursuant to the Dairy Code of Conduct.

Date: 1 June 2021

In setting the prices set out in the MSA, Saint David Dairy has considered the following:

- Meeting Saint David Dairy volume requirements for Milk.
- The quality and components of the Milk supplied by the Farmer
- Consideration of the seasonal fluctuations in Milk production relative to Saint David Dairy's customer's demand for Milk.
- Geographic location of the Milk being supplied to Saint David Dairy's processing plant and the associated transport costs.
- Volume of Milk at each collection.
- The level of demand for Milk in the Farmer's farming region.
- Availability and proximity of alternate milk sources (e.g. ease with which Saint David Dairy can source Milk from other farming regions).
- The level of consumer demand for Saint David Dairy's finished products.
